SUMMARY

Full-stack software developer with experience building production-grade web and mobile applications, enterprise systems, and SaaS platforms using React, Next.js, React Native, Node.js, and PostgreSQL. Demonstrated leadership in managing cross-functional teams and leading technology initiatives serving 300+ constituents, with a passion for building scalable software that solves real-world problems.

EDUCATION

Ateneo de Zamboanga University — La Purisima St. Zamboanga City 7000
Bachelor of Science in Computer Science

WORK EXPERIENCE

Center for Information Technology Services AdZU — La Purisima St. Zamboanga City 7000
System Developer (Contract) — July 2026 – September 2026

- Developed and deployed an Activity Request & Document Tracking System for 40+ student organizations and hundreds of officers to **cut approval turnaround by ~50%** and eliminate repeat office visits through real-time tracking across a 5-stage approval chain.
- Built and deployed a Teaching Load & Scheduling System centralizing the loads of 75 teachers across 7 departments and 36 sections to **cut manual encoding time by ~70% and auto-validate all 242 section assignments against load caps.**

Symph Inc. — Cebu I.T. Park, Barangay Apas, Lahug, Cebu City
Software Developer Intern — May 2026 – July 2026

- Enhanced and maintained production-ready web and mobile applications using **Next.js, React Native, TypeScript, REST APIs, and RevenueCat**.
- Built a high-performance **XLSX bulk import module** capable of processing **100,000+ records**, implementing hierarchical parent-child data mapping, validation, and optimized import workflows.
- Resolved application defects, integrated new mobile features, and enhanced payment and subscription flows to improve application stability and user experience.

PROJECTS

Unyon Mindanao Portal — April 2026
Mindanao Confederation of University Student Governments

- Supporting **8 universities and colleges** in **Zamboanga, Northern Mindanao, BARMM, SOCCSKSARGEN, and Davao**, established the **Mindanao Confederation of College and University Student Governments portal** to centralize council information, updates, and initiatives and strengthen cross-campus coordination.
- Built on **Cloudflare-hosted platform** using **Workers KV, D1, and Firebase Authentication** to support cross-campus coordination and student advocacy across Mindanao.

COA-Z Organizations Directory & Content Management System (CMS) — July 2026
Council of Organizations of Ateneo de Zamboanga

- Developed the official COA-Z Organizations Directory, a centralized platform that enabled **6,000+ students** to discover and engage with **40+ student organizations**, streamlining organization discovery during Recruitment Week and beyond.
- Engineered a content management system (CMS) that empowered COA-Z administrators to efficiently publish announcements, stories, and organizational updates through a scalable, responsive web application, improving content management and campus-wide communication.

AWARDS & ACHIEVEMENTS — 2026 - 2027

- **Regional Winner & National Finalist, CHED Tourism Start-Up Challenge 2025** — Lead founder, led the development of **Anyam**, securing **₱250,000** in implementation funding for a tourism technology platform promoting underrepresented destinations.
- **2nd Place, Build with AI Hackathon 2026** — Developed an AI-powered solution addressing fast fashion in a competitive inter-university hackathon.

SKILLS

- **Tech Stack:** TypeScript, React, Next.js, React Native, Node.js, PostgreSQL, Firebase, Docker
- **Software Engineering:** Full-Stack Development, API Development, Database Design, System Architecture, Jira
